

APPETITE ON A MOBILE TABLET MAKES SERVICE EVEN FASTER!

Move easily from table to table with Appetite on a mobile touch screen tablet. Summer is over, but occasionally we still have the opportunity for outdoor serving. When serving outdoors, it is even more important for the staff to have mobility on the job. Whether you work indoors or outdoors, a tablet is a super flexible way to take orders.

This Autumn, there is a new version of Techotel Appetite, which is compatible with both Windows tablets (surface) and ipad. The user interface of Appetite is optimized to suit the majority of modern tablets.

Call for more information about the options you have with Appetite and tablets.

SmartUp:tv is now available through echotel!

SmartUpTV transforms HD Ready hotel TVs into affordable modern Smart TVs. It is a complete standalone solution that includes the SmartUpTV Box, a unique Hotel Gyro Remote Control and access to the MySmartUp Portal, which gives you complete control over look, feel and functionality.

SmartUpTV allows your guests to use Apps just like those on a Smartphone or tablet device, but on a much larger screen. This opens up a huge range of applications including popular catch-up TV and video streaming services, journey planners, social networks and much more.

PICASSO AND EXTERNAL BOOKING CHANNELS

Picasso now has a two-way OTA interface for Sabre.

Currently an interface for EZYield /Travel Click, Memberweb/Best Western and Columbus / Supranational Hotels is being developed.

Hosting:

The majority of our customers are now hosted by Techotel. Please take note that integration for Travel Managers; EZYield, Booking.com and others is developed for hosted hotels.
